

Project Sheet

Project Number: RC07-000086 **Project Name:** Thomson West Bypass Construction-From 3 Points Road to East of SR 17

GDOT ID: 0006436

Project Description: This project will build Thomson West Bypass on new location roadway, from 3 Points Road to East of SR 17, with all elements of new construction, including right-of-way acquisition, environmental, bridge and utility work, paving and striping. 3.4 miles.

Regional Commission: Central Savannah River Area

County: McDuffie County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
CST	\$13,192,662	\$13,192,662	
PE	\$666,238	\$666,238	
ROW	\$3,129,000	\$3,129,000	
Total	\$16,987,900	\$16,987,900	

Public Benefit	Notes
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Supporting Economic Growth/Competitiveness	This project could assist in having a positive impact on the economic vitality for this region, and in some cases possibly for the entire state. Its impact could also be observed along the roadway segment, corridor, and/or intersection. Example benefits could be: improved access to jobs; improved travel times for drivers; increased lane capacity; improved efficiency and reliability for freight cargo/goods movement; providing border to border and inter-regional connectivity; and improve local connectivity to statewide transportation network.

Additional Benefits	This project would benefit the public by relieving traffic congestion on SR 17 US 78 and other roadways through the City Of Thomason. Reduces heavy traffic in downtown and allows a less congested alternative. Project will link to completed portions of the eastern bypass. A second purpose is to increase connectivity of the roadways for commercial and industrial development occurring to the south and west of Thomason according to the approved land use plan for McDuffie County.
