

Project Sheet

Project Number: RC07-000126 **Project Name:** Marks Church Road Widening From Wrightsboro Road to Wheeler Road

GDOT ID: 0011394

Project Description: This project consist of widening the existing two-lane roadway to a three-lane roadway, adding curb and gutter, sidewalks, and a storm sewer system. Improvements of Marks Church Road extend from Wrightsboro Rd to Wheeler Rd.

Regional Commission: Central Savannah River Area

County: Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
ROW	\$2,180,000	\$2,180,000	
CST	\$2,726,287	\$2,726,287	
PE	\$218,103	\$218,103	
UTL	\$2,725,000	\$2,725,000	
Total	\$7,849,390	\$7,849,390	

Public Benefit

Maximizing the value of Georgia's Assets

Notes

This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.

Additional Benefits

This project would benefit the public through enhancing safety, achieved by widening the existing road, and adding sidewalks and curb and gutter. The project will provide congestion relief by widening the corridor and providing dedicated turn lanes between Wrightsboro Rd. and Wheeler Rd. from 2 lanes to 3 lanes.
