Public Benefit

Notes

Ensuring Safety and Security

This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Maximizing the value of Georgia's Assets

This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
