

Project Sheet

Project Number: RC08-000017 **Project Name:** US 41 - Passing Lanes and Traffic Signals

GDOT ID: 0011428

Project Description: This project would include the construction of passing lanes and the installation of traffic signals at major intersections along US 41 from Houston County line to the Crisp County line

Regional Commission: River Valley

County: Dooly County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
PE	\$630,000	\$630,000	
CST	\$6,300,000	\$6,300,000	
Total	\$6,930,000	\$6,930,000	

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the traveling public by decreasing the frequency and severity of traffic accidents. The benefit will be providing a smoother surface for travel, along with optimizing capital asset management. The introduction of new traffic signals will improve traffic movement at specified intersections.
