

Project Sheet

Project Number: RC07-000155 **Project Name:** Wrightsboro Road/CR 1501 Widening - Jimmie Dyess Pkwy. to I-520

GDOT ID: 250510-

Project Description: Widening Wrightsboro Rd/CR 1501 from 2 to 4 lanes.

Regional Commission: Central Savannah River Area

County: Richmond County

Phase	Total Project Cost	Total TIA Amount	Comments (Please note all cost estimates are in 2011 dollars and actual costs for all phases at year of expenditure will be higher):
CST	\$21,565,887	\$2,000,000	
Total	\$21,565,887	\$2,000,000	This project is partially funded through TIA. The remaining project costs will be funded by other sources.

Public Benefit	Notes
Maximizing the value of Georgia's Assets	This project could potentially maximize the full utility of an existing transportation facility(s). In some cases, bypasses will be necessary. Example benefits could be: mitigating congestion (e.g. operational improvements) and optimizing capital asset management (e.g. resurfacing, rehabilitation). The impacts would apply to this roadway segment, corridor, and/or intersection.
Ensuring Safety and Security	This project would benefit the public by potentially reducing the incidence of crashes along this roadway segment, corridor, and/or intersection.

Additional Benefits	This project would benefit the public by adding capacity, and potentially relieving congestion and improve safety. The project would widen the existing two lane facility to four 12 foot through lanes, including a 4 foot bicycle lane in each direction. The project would also realign approximately 1,400 feet of Wrightsboro Road and relocate Barton Chapel Road approximately 490 feet to the east to align opposite Augusta West Parkway. Current average daily traffic is 8,370.
