### Southern Georgia Region: Georgia DOT awards construction contract for Clinch County bridge project

ATLANTA, Georgia — The Georgia Department of Transportation (Georgia DOT) has awarded 22 new contracts for construction projects across the state as part of their October 2025 bidding process. One was for a TIA-funded project in the Southern Georgia region. It is:

- Clinch County: this project will replace the two-lane Homerville Bypass/CR 194 bridge and its approaches at Woodyard Creek. The contract was awarded to Griffin Grading & Concrete, LLC of Cordele for \$2.08 million. The project is expected to be completed in the early spring of 2027.

For more information on this project and others in the Southern Georgia region, check out: <http://www.gatia.com/>.

###

**The TIA Program:** Georgia's Transportation Investment Act (TIA) provides a unique process for regions to fund community-selected transportation infrastructure projects through a voter-approved one-cent sales tax. In partnership with the Georgia Department of Transportation, regions are empowered to advance their economic and community development with regionally-oriented funds for construction projects, allowing them to be undertaken more quickly and efficiently.
